CAMBRIDGE, MASS, - June 20, 2008: ADMINS, Inc., the municipal software development and services company, today announced that the City of Peabody, Massachusetts and Peabody Public Schools have selected ADMINS to install the latest Windows-based implementation of its ADMINS Unified Community financial applications.

The City of Peabody will upgrade its existing ADMINS Unified Community applications for General Ledger, Accounts Payable, Purchasing, and Treasury Receipts. The project is scheduled to begin during September 2008. The City's existing ADMINS Unified Community applications currently operate in an OpenVMS environment. The new versions of the ADMINS Unified Community applications will be installed on the Windows platform for both City and Schools.
