

**** PRESS RELEASE ****

CAMBRIDGE, MASS, - July 10, 2008: ADMINS, Inc., the municipal software development and services company, today announced that the Plainville Community Schools, Connecticut went into production today on the latest Windows-based implementation of the ADMINS Unified Community financial applications. The ADMINS AUC applications replace an outdated legacy system.

Plainville Community Schools initially implemented ADMINS' Unified Community General Ledger, Accounts Payable, Purchasing applications. Payroll/Human Resources applications will be implemented during the 3rd quarter of 2009.

The Town of Plainville, Connecticut also plans to install the latest ADMINS Unified Community applications and its implementation project is scheduled to begin later this year. The Town's existing legacy applications currently operate in an OpenVMS environment. The newly installed versions of the ADMINS Unified Community applications will operate on the Windows platform for both Town and Schools.
